

Zwift Cycling Esports Sanctions

In the interests of transparency, the following is a list of athletes currently serving sanctions for violations of the Zwift Cycling Esports Rules & Regulations. Zwift will update this list upon determination of such sanctions except in cases in which Zwift deems publication would be inappropriate.

Once a sanction is published to this list, Zwift considers the matter closed. As a reminder, although increased public scrutiny of listed rider performances and behaviour is to be expected, Zwift does not tolerate any conduct intended to harass, threaten, or intimidate other users. Such conduct violates the Zwift Terms of Service and any such cases will be investigated.

Please direct any inquiries regarding Zwift's Cycling Esports disciplinary policy and procedure to legal@zwift.com.
